

# Time to Shine: Our Resumption of Operations

As our COVID-19 vaccination rates rise and we have greater protection against the virus throughout our communities, we're continually updating our plan to help our residents and families welcome brighter days and safely enjoy all they love about life at Sunrise.

Community phase advancements occur after going 14 consecutive days with zero active, confirmed cases of COVID-19.

Infection control protocols will be followed throughout each phase, including masking, social distancing, and hand hygiene measures.

## WHAT RESIDENTS MAY PARTICIPATE IN

### FULLY VACCINATED\* RESIDENTS

In-suite visits from family members who have also been fully vaccinated

Increased ability to walk the community and spend time with other residents

Expanded group activity offerings and ability to dine with residents and family members

Enjoy same-day outings without strict quarantine protocols

### PHASE 3

In-suite visits from friends, family, and Essential Caregivers

Socially distanced meals in dining rooms, up to 50% capacity

Expanded indoor activities and community entertainment

Community renovations allowed

### PHASE 2

Open Bistros for snacks and visits

Socially distanced scenic van rides

Community amenity spaces such as libraries, game rooms, and gyms

Expanded small group programming offerings, including resident-led and clergy groups

### PHASE 1

Socially distanced dining in the community common areas

Small group programming

Scheduled appointments with our in-house hair stylist

Outdoor activities to enjoy fresh air

### VISITATION

Scheduled socially distanced visitation with friends and family

**Restricted Operations:**  
Window visits are the primary option for this phase

**Phases 1 & 2:**  
Scheduled, socially distant visits occur in a designated outdoor or indoor space

**Phase 3:**  
Visits allowed in residents' suites

**When fully vaccinated:**  
Visitation with family or residents in suites, common areas, or dining rooms

**Essential and Compassionate Care**  
Allowed in all phases with additional restrictions

*\*Fully vaccinated means that two weeks or more have passed since the second dose of a two-shot vaccine series or a single dose of a one-shot vaccine.*

# Visitation Allowed by Phase

	Restricted Operations	Phase 1	Phase 2	Phase 3	Fully Vaccinated
<b>Resident Care Visitation</b>					
Essential Medical	X	X	X	X	X
<b>Family &amp; Friends Visitation</b>					
Window	X	X	X	X	X
Compassionate Care	X	X	X	X	X
Designated Essential Caregiver		X	X	X	X
Outdoor Family & Friends (Outdoor Space)		X	X	X	X
Indoor Family & Friends (Designated Common Space)		X	X	X	X
Indoor Family & Friends (Resident Suite)				X	X
Indoor Residents (Suites, common areas, or dining rooms)					X

## Family & Friends Visitation

### Window

The primary option for communities operating under Restricted Operations to allow for engagement and personal connections.

### Compassionate Care

Indoor visitation in a resident's suite for those who are end-of-life, bed-bound, or have other significant physical or psychological limitations and/or a decline in their condition and cannot participate in window, outdoor, or indoor visitation in designated areas.

### Essential Caregiver

Two visitors, designated by the resident or responsible party, who provide companionship, emotional and/or social support and may visit in-suite. Negative COVID-19 test required within 14 days of each visit.

### Outdoor Family & Friends

The preferred visitation option for communities operating under phases One and Two.

### Indoor Family & Friends

The preferred visitation option for communities if residents are not able to visit outdoors or if outdoor visitation is not possible given inclement weather.

### Indoor Residents

Fully vaccinated residents may visit one another in their suites, common areas, or dining rooms.

NOTE: Each community's specific plans may vary based on state and local area restrictions and other factors, such as the community's size. We will continue to monitor new information on COVID-19 as well as any impact the pandemic has on our communities as we consider future plans. We will continue to follow applicable health authority regulations, guidelines, and applicable laws, and we may therefore need to change our operations and protocols as required.
